

Couldn't get into the music  
'Cause it had no soul  
Now I'm standing by the grave  
Of rock and roll  
Oh I'm lost in the darkness  
'Cause I closed my eyes

End up at a party store  
I don't know what I went in for  
But I hope I won't remember  
Gather round, I'll make a toast  
To rock n roll and its Holy Ghost  
But I hope I won't remember

Now it hard to find a tape for your reel to reel  
(Now it hard to find a tape for your reel to reel)  
Maybe digital is better but it's got less feel  
(Maybe digital is better but it's got less feel)  
Oh I'm lost in the darkness  
'Cause I closed my eyes

End up at a party store  
I don't know what I went in for  
But I hope I won't remember  
Gather round, I'll make a toast  
To rock n roll and its Holy Ghost  
But I hope I won't remember

Oh I hope I won't remember  
Oh I hope I won't remember

So I closed my eyes

End up at a party store  
Still don't know what I went in for  
But I hope I won't remember  
Gather round, I'll make a toast  
To rock n roll and its Holy Ghost  
But I hope I won't remember

Oh I hope I won't remember  
Oh I hope I won't remember

'Cause I should have seen it coming but my eyes were closed  
(I should have seen it coming but my eyes were closed)  
'Cause I should have seen it coming but my eyes were closed  
(I should have seen it coming but my)  
Should have seen it coming but my
