JRDN

E-e-every night, e-e-e-every night
Screaming out my name, call me king, e-e-e-every night
E-e-every night, e-e-e-every night
Screaming out my name, call me king

Play a role, take her home in my castle
Break her out the tower that she been waiting in lock up
She sayin I'm Superman blowin out that fire
Flyin so high, I can catch her from the sky

Making sure nobody could take her from my sight
Call me king, call me love, call me your mane
E-e-e-every night

E-e-every night, e-e-e-every night
Screaming out my name, call me king, e-e-e-every night
She say she like the way I reign, she said I'm a fuckin king
She said I'm a fuckin king, I'm a I'm a fuckin king
She say she like the way I reign, she said I'm a fuckin king
She said I'm a fuckin king, I'm a I'm a fuckin king

I travelled cross the seas and even threw the stone for her
I'mma slay the guards and break down every door for her
Said she don't want a prince, she don't need a knight
She said she want a king, so I'm gonna treat her right

Making sure nobody could take her from my sight
Call me king, call me love, call me your mane
E-e-e-every night

E-e-every night, e-e-e-every night
Screaming out my name, call me king, e-e-e-every night
She say she like the way I reign, she said I'm a fuckin king
She said I'm a fuckin king, I'm a I'm a fuckin king
She say she like the way I reign, she said I'm a fuckin king
She said I'm a fuckin king, I'm a I'm a fuckin king

Now she got me switchin in the telephone booth
Takin off fast, I'm blowin like tu-ru-ru
She ain't gotta choose no cus I make it easier
Got the kryptonite to light up the night just to be with her every night

E-e-every night, e-e-e-every night
Screaming out my name, call me king, e-e-e-every night
E-e-every night, e-e-e-every night
Screaming out my name, call me king, e-e-e-every night
