

## Red eye

JRDN

There must be somethin' in the water  
The way you got me, girl, I'm fallin'  
Tryna give it to you, all it  
'Cause I'm the one that you been callin'

Takin' trips on that Red Eye in the mornin'  
Catchin' feelin's when we zonin'  
Ooh, I love it when you wildin'  
I'ma give it to you, oh, yeah

This love, this love, this love  
This love, this love, this love

This love, this love, this love  
This love, this love, this love

I'ma be there 'fore the daylight  
Keep you up until the play right  
Yeah, I been trippin', baby, way out  
Sippin' on it got me swayin' right

See you ridin' on top  
No, we never gon' stop, oh, yeah (this love, this love, this love)  
Ooh, we feelin' it  
On that Red Eye (this love, this love, this love)
