

Take It Off

JRDN

Let me see that body baby
Girl just take it off for me yeah
I wanna feel that body baby

Your touch
All I need when I come for you
That rush
I can't get enough of us girl, no
Got me so high when I'm real low
So baby take it off for me
Let me see that body baby, so good, yeah

Girl just take it off for me yeah
I wanna feel that body baby

Ooh girl I wanna feel it
Can't keep my hands off you
Ooh girl I wanna feel it
And I know you want it too
Right when I see you
I know just what I'm gon' do
So girl take it off

So baby take it off for me
Let me see that body baby
Girl just take it off for me
I wanna feel that... (yeah)
Body baby
