

Can't Get Enough

J.Tajor

No, no, ooh, yeah
Oh, woah, yeah

For you, be there, I'm coming back, I can't get enough
No, it ain't nothing, I don't want it, girl, if it ain't your love
You keep it clean, you make it easy, you don't ask for too much
Fall deep into your eyes, on my mind, I can't get enough, ooh, yeah

I'll show you what I mean when I tell you I don't need no one
There's nobody with the way you can do it for me
With a body so hypnotizing, how dangerous, you remind me
When you move, it's so enticing, and you know just how I like it

Got me going back for more
Your love is what I'm made for
Adoring you
Need to be where you are, oh yeah

For you, be there, I'm coming back, I can't get enough
No, it ain't nothing, I don't want it, girl, if it ain't your love
You keep it clean, you make it easy, you don't ask for too much
Fall deep into your eyes, on my mind, I can't get enough, ooh, yeah

It's so unique, no, never seen a match
To you, give what I have
Say the word and I'm arriving
Can't keep myself not away from you, baby
You know I keep running back to you, yeah

Got me coming back for more
Your love is what I'm made for
Adoring you
Need to be where you are, oh yeah

For you, be there, I'm coming back, I can't get enough
No, it ain't nothing, I don't want it, girl, if it ain't your love
You keep it clean, you make it easy, you don't ask for too much
Fall deep into your eyes, on my mind, I can't get enough, ooh, yeah
For you, be there, I'm coming back, I can't get enough
No, it ain't nothing, I don't want it, girl, if it ain't your love

You keep it clean, you make it easy, you don't ask for too much
Fall deep into your eyes, on my mind, I can't get enough, ooh,
yeah
