What I would do everyday  
And I can give it to you every night, every way  
Your body got me teasing every single time  
I see the way you looking, gets me every time, yeah  
I'm steady pacing  
You got the way that body move it, it ain't basic  
And girl, I gotta get to you, I got no patience, I won't stop  
I wanna get to know you, wanna be your go-to, baby

I pull up and she 'bout to go crazy  
I love it how you ride up on me, baby  
Won't keep you waiting long, no, baby  
No playing, so tell me that you're staying  
And I know that you gotta go change your mind  
I tell you what I do, I'll change your mind  
I pull up and she 'bout to go crazy  
I love it how you ride up on me, baby

And I can be away, so talk to me, please stop bumping  
Dangerous, you got me hooked up on it  
Put it on me, how it fits so fine  
And you're a little bit of nice, how you move it  
And I've been thinking lot about you, girl  
Nights, us lonely, baby, hear you calling  
We riding in the hills at rock timin'  
And don't you go, yeah, we just getting started

I pull up and she 'bout to go crazy  
I love it how you ride up on me, baby  
Won't keep you waiting long, no, baby  
No playing, so tell me that you're staying  
And I know that you gotta go change your mind  
I tell you what I do, I'll change your mind  
I pull up and she 'bout to go crazy  
I love it how you ride up on me, baby

What I would do if I get to you  
Oh yeah, yeah, yeah, yeah, yeah  
Oh, no, oh, baby, no, no. no  
You got the way that body move it, it ain't basic  
And girl, I gotta get to you, I got no patience, I won't stop  
I wanna get to know you, wanna be your go-to, baby

I pull up and she 'bout to go crazy  
I love it how you ride up on me, baby  
Won't keep you waiting long, no, baby  
No playing, so tell me that you're staying  
And I know that you gotta go change your mind  
I tell you what I do, I'll change your mind  
I pull up and she 'bout to go crazy  
I love it how you ride up on me, baby

Yeah, yeah, yeah, uh-oh  
I love the way you ride up on me, yeah  
And, baby, we can take it slowly, yeah
