Obsessed

J.Tajor

(I can't dance with you)
(Baby, no, ooh)
(I know all your secrets)

Take it off slow, you can take your time
We ain't gotta go fast, yeah, we got all night
Let me be the last, let me do you right
You can back it up close while I hold you tight

I love when you tease with your touch so light
The way that you move, I'm mesmerized
'Cause I'll appreciate you
And the way you deserve just for you, yeah

I'ma put you repeat, you and those jeans
Wanna go deep on your body
'Cause I hate when you leave, stay with me
You're the missing piece that I need
Baby, I can't sleep, need you with me
I just wanna hod you tightly, you're mine
Obsessed and I like it
And I'm stuck on your side

I won't be too long, know I'm coming back
Let me give you love like you never had
Never gonna push you away know that
I can lead you there, get you right on track

Say the things I've been keeping on down inside
The coast every night, baby, I don't mind
And I see you're tired of waiting (waiting)
For someone who gone, treat you with patience

I'ma put you repeat, you and those jeans (oh, na-na)
Wanna go deep on your body (ooh)
'Cause I hate when you leave, stay with me
You're the missing piece that I need (yeah-yeah)
Baby, I can't sleep, need you with me
I just wanna hold you tightly, you're mine, yeah
Obsessed and I like it
And I'm stuck on your side

(I can't dance with you)
(Baby, no, ooh) obsessed with you no, no
(I know all your secrets), no-no-no-no-no
(I know all your secrets)

I love when you tease with your touch so light
The way that you move, I'm mesmerized
'Cause I'll appreciate you
And the way you deserve just for you, yeah

I'ma put you repeat, you and those jeans (oh, na-na)
Wanna go deep on your body
'Cause I hate when you leave, stay with me (oh, baby)
You're the missing piece that I need (oh)
Baby, I can't sleep, need you with me

I just wanna hold you tightly, you're mine, yeah
Obsessed and I like it
And I'm stuck on your side

(I can't dance with you)
(Baby, no, ooh)
(I know all your secrets)
(I know all your secrets)
(Secrets, secrets)

I just wanna hold you tightly, you're mine, yeah
Obsessed and I like it
And I'm stuck on your side

(I can't dance with you)
(Baby, no, ooh)
