I don't wanna make you cry cry cry cry
I just wanna teach you fly fly fly
This tonight forget the blah blah blah blah
Let's in together la la la la

La noche no falto de nada, contigo
Yo quiero verte en la mañana, conmigo
Para sentirte enamorada te pido...
bonita, linda, refinada...
estar contigo a solas a todas horas
posar como modelo en moda
hasta la boda
quiero tenerte ilusionada conmigo
y yo contigo

I don't wanna make you cry cry cry cry
I just wanna teach you fly fly fly
This tonight forget the blah blah blah blah
Let's in together la la la la
I don't wanna make you cry cry cry cry
I just wanna teach you fly fly fly
This tonight forget the blah blah blah blah
Let's in together la la la la

I want to be round
Hanged in town

I don't wanna make you cry cry cry cry
I just wanna teach you fly fly fly
This tonight forget the blah blah blah blah
Let's in together la la la la
I don't wanna make you cry cry cry cry
I just wanna teach you fly fly fly
This tonight forget the blah blah blah blah
Let's in together la la la la

Cause' I'm thinking about you
Can't be without you
I shout that I love you
Always inside you
I can feel it so strong

I don't wanna make you cry cry cry cry
I just wanna teach you fly fly fly
This tonight forget the blah blah blah blah
Let's in together la la la la
