

Inside Of You

Juanita Bynum

Have you ever felt the walls closing in
No matter where you turn it seems there's no way through
You're out of time, out of sight, out of friends
You don't know what to do

I know a place where you can turn to
Deep in your heart where no one else can go
Footsteps of love are there to guide you
Just follow his voice and you'll know

It's inside of you
A place where you can hold on
It's inside of you
A place where you will never feel lost
It's inside of you
A love you can depend on
It's inside of you
A love that conquers all
It's inside of you

Embarrassed by mistakes don't wanna show your face
Seems like your past is killing your future
You try to block it out it just won't go away
You don't know what you're here for

I know a place where you can live free
A place where your past is just a memory
It's there deep within if you would believe
Just follow his voice and you'll know

It's inside of you
A place where you can hold on
It's inside of you
A place where you will never feel lost
It's inside of you
A love you can depend on
It's inside of you
A love that conquers all
It's inside of you

It's inside of you
A place where you can be strong
It's inside of you
A place where they can't steal your joy
It's inside of you
A place where you can call home
It's inside of you
Where no one loves you more
It's inside of you

It's a place where you can go when your life seems broke
Put the pieces back together
Just look inside your heart and then you'll know
His love will always protect you
It don't matter
Where you've been, where you're from, what you've done
It don't matter

You can live, you can laugh, you can love
No matter how many wrong turns you've made
Love will help you find a way

It's inside of you
A place where you can hold on
It's inside of you
A place where you will never feel lost
It's inside of you
A love you can depend on
It's inside of you
A love that conquers all
It's inside of you

It's inside of you
A place where you can be strong
It's inside of you
A place where they can't steal your joy
It's inside of you
A place where you can call home
It's inside of you
Where no one loves you more
It's inside of you

I'm telling you to hold on
Telling you to be strong
You will never be alone
Cause it's inside of you

Everything that you need
Is inside, of you
