Let's start a fire with a cigarette (Let's start a fire)  
I'm crazy, bitch (I'm crazy, ho)  
But I'm that bitch (I'm that bitch)  
I do not kiss no ass, but I ass kick  
Startin' to riot, my bitches don't riot  
We gettin' loud like it's tryna fight  
Break up a jaw, crack up a spine  
Sendin' back shots like I'm hittin' from behind  
I want the war with them hoes  
Walk up right on 'em but hit with the scope

It's a all girls party and no boys can come (Nah)  
Danger, danger, ring the alarm  
It's a all girls party and no boys can come, yeah  
Danger, danger, ring the alarm  
This a all girls party and no boys can come

Stay outta my way  
I whip foreign on highways (Woo)  
Hot, cold like icy (Icy)  
Don't look at me sideways (Don't look at me)  
Light up like it Broadway  
Yeah, I'm next like Friday  
They been waitin' for the switch up  
I make waves, don't ride waves  
I like designer to dress up  
Pretty, no makeup, no mess up  
They told me, "Shut up or get up"  
Now, uh-uh, they stut' like hiccups  
Hands up, no stick up (Stick up)  
Ran my bands up, how you gon' drip up?  
Broke down, now I'm built up (Built up)  
Even if I get knocked, I ain't never gon' give up  
All this talkin' never phase me (Phase me)  
They all gon' say that I'm crazy  
Y'all be drinkin' like the Navy  
Rock-a-bye you like a baby

It's a all girls party and no boys can come (Bye, bye)  
Danger, danger, ring the alarm  
It's a all girls party and no boys can come, yeah  
Danger, danger, ring the alarm  
This a all girls party and no boys can come
