

Just Fine

Jucee Froot

Yeah, yeah
Jucee
Shit, shit, shit, shit, yeah

Since you've been away, I've been doing just fine
Gotta take a break, you know these things take time
Never thought I'd see the day that we'd say goodbye
Never thought I'd see the day that I would make you cry

I gave you my patience and my love for so long
But you took it all for granted
And I tried my best to hold on
You can't fix it with no bandage
I'm sick of the stress
I'm sick of your messy exes
They loving the urge, daily
Thought she was an angel from heaven
But turned out, bitch, you petty
You a nightmare, like Freddy
I can only leave if you let me

Since you've been away, I've been doing just fine
Gotta take a break, you know these things take time
Never thought I'd see the day that we'd say goodbye
Never thought I'd see the day that I would make you cry

Tell me what you banking on, you thinking on
You gotta put your cape up on that
Tell me why'd you save it all
You face the blunt
And you ain't gotta fake the phony, cuh
How it get like this?
Wanna go off, I don't mean like this
I don't wanna eat
I don't wanna sleep
I don't wanna drink
I don't wanna do shit

See you with your new bitch out
You look like you're happy now
Head all in the clouds
While you watch me drown
For that nigga, imma spark this up
Yeah, fuck boy, I don't need your clout
I can't wait 'til that bitch find out
Swear to God, you won't stop from hearing my mouth

Since you've been away, I've been doing just fine
Gotta take a break, you know these things take time
Never thought I'd see the day that we'd say goodbye
Never thought I'd see the day that I would make you cry
