Slob on my cat (DJ Paul)

Get it nice and wet

Talk to me nice

Know this pussy got a price

We'll be fucking all night if you slob on my cat

Money make me cum, imma only say it once

Nigga, put it on your tongue

Get it nice and wet

Talk to me nice

Know this pussy got a price

We'll be fucking all night if you slob on my cat

Money make me cum, imma only say it once

Nigga, put it on your tongue

Get it nice and wet

Keep 'em coming like it's crack

He can see it from the front, he eat it from the back

Pull up at the door, he ate the pussy on the mat

Never lied up on my pussy, baby, that's a fact

He clean and on the way

In his nose, like a line

Put it on his face, he told me hit me with the slime

Real freaky bitch, that food be juicy all the time

Money on my mind

He bought a lot of shit, but this the best money can buy

Make him eat this pussy like a buffet

Then a bitch might buy you that new 2K

I said eat this pussy like a buffet

Then a bitch might buy you the new chase, nigga

Talk to me nice

Know this pussy got a price

We'll be fucking all night if you slob on my cat

Money make me cum, imma only say it once

Nigga, put it on your tongue

Get it nice and wet

Talk to me nice

Know this pussy got a price

We'll be fucking all night if you slob on my cat

Money make me cum, imma only say it once

Nigga, put it on your tongue

Get it nice and wet

Oogly moogly

Love the way that I'm moving it

Yeah, I'm straight with that head

Butt on it deep, boy, I'm cooling it

I be sliding like lubricant

Got more drip than your jewelry

If you ever get a taste, you better know what to do with it, nigga

Cornbread-fed dick with a cute face

Know they trying to get my flowers like a bouquet
I be all up on his head like a toupet
I be all up in his mouth like étouffée

Make him eat this pussy like a buffet
Then a bitch might buy you that new 2K
I said eat this pussy like a buffet
Then a bitch might buy you the new chase, nigga

Talk to me nice
Know this pussy got a price
We'll be fucking all night if you slob on my cat
Money make me cum, imma only say it once
Nigga, put it on your tongue
Get it nice and wet

Talk to me nice
Know this pussy got a price
We'll be fucking all night if you slob on my cat
Money make me cum, imma only say it once
Nigga, put it on your tongue
Get it nice and wet

Make your knees touch your elbows, hoe

If you scared to shake your ass, take your broke ass home, yeah
If you scared to shake your ass, take your broke ass home, bitch
