(Nigga get the fuck out of here, I'on wanna hear this shit
It ain't that no more, it used to be, though)

Used to
Used to love that nigga, yeah, I used to
Used to
Used to be a fool for him, I used to
Used to let him throw me out
Yeah, I used to
Used to
All my bitches said I should've used you

Used to
Used to love that nigga, yeah, I used to
Used to
Used to be a fool for him, I used to
Used to let him throw me out
Yeah, I used to
Used to
All my bitches said I should've used you

School sum'
Why that pussy something you ain't used to?
Never love a game, but I used to
All the things you didn't do
Why do you pretend to
Love me, hug me, kiss me, touch me
Man, you treat me like a mutt
Why you got it thuggin'?
How you come and fuck me
Then after that you duck me
Ducking my calls, doing me wrong
With my nose, with my walls
And I know I don't need your drama, best to leave you
And that shit's hard for me
'Cause you took my heart from me
You say you fed up
Then why we arguing?
You want something better?
Nigga, you're bugging me
My new nigga got that treasure
He ain't ever seen that part of me

Used to
Used to love that nigga, yeah, I used to
Used to
Used to be a fool for him, I used to
Used to let him throw me out
Yeah, I used to
Used to
All my bitches said I should've used you

Used to
Used to love that nigga, yeah, I used to

Used to
Used to be a fool for him, I used to
Used to let him throw me out
Yeah, I used to
Used to
All my bitches said I should've used you

Used to
You used to break my heart, boy, you used to
Used to
Imma give you something you ain't used to
But you gon' go crazy for that coo-coo
Hit you with that Voodoo
Imma have you screwed loose
Fuck you
Yeah, nigga, fuck you
You gon' make me buck you
Why I ever trust you?
Doing things I ain't ever do
Like cuff you
Wishing dreams'll come true
But this what it comes to
Now, you can watch me thumb through
Say I'm acting brand new
And I'm sipping awoo
Remember when I had you
Wanna have you back but it pass through
Feeling like a damn fool
But now I gotta move past you
And I still love you, but not like I used to

Used to
Used to love that nigga, yeah, I used to
Used to
Used to be a fool for him, I used to
Used to let him throw me out
Yeah, I used to
Used to
All my bitches said I should've used you

Used to
Used to love that nigga, yeah, I used to
Used to
Used to be a fool for him, I used to
Used to let him throw me out
Yeah, I used to
Used to
All my bitches said I should've used you
