

# Wristwork

Jucee Froot

I count cheese, I count dough  
You want the D, but it stowed (She fuckin')  
Some like a God, I know I'm the goat  
Jucee is dope, I give 'em a dose  
If you gotta bust down, make yo' wrist work  
Fifty thousand on my shirt, what yo' bitch worth?  
If you gotta bust down, make yo' wrist work  
Fifty thousand on my shirt, what yo' bitch worth?

I don't even gotta tell you what the fuck I'm 'bout  
I'm gettin' money over here, what the fuck you thought?  
Turnt up in the club, finna take off  
See it all on they face 'cause they face off  
Fuck security, I'll still hop out and smack a bitch  
We ain't takin' no Ls, I ain't lackin' shit  
Headshot 'em 'cause we can't afford an accident  
You know the big draws beam like an action kid

Got that jewel like squeeze  
It's so dirt, I grieve  
Go that ice like freeze  
Had that hoe like please  
Got that jewel like squeeze  
It's so dirt, I grieve  
Go that ice like freeze  
Had that hoe like please

I count cheese, I count dough  
You want the D, but it stowed (She fuckin')  
Some like a God, I know I'm the goat  
Jucee is dope, I give 'em a dose  
If you gotta bust down, make yo' wrist work  
Fifty thousand on my shirt, what yo' bitch worth?  
If you gotta bust down, make yo' wrist work

I'm drippin', I'm drippin', I sees them, I give 'em the dab  
Alexander the Queen, I might just be the Pharaoh  
And if you talkin' that green, then we can sit and chatter  
In a whip so mean, it why them bitches sour  
Fucked on him with him talkin' clout  
Put the barrel in yo' mouth, bitch, you ain't talkin' now  
Water come from overseas, yo' shit look like towel  
Bodies droppin' over beef, this is more than rap

Got that jewel like squeeze  
It's so dirt, I grieve  
Go that ice like freeze  
Had that hoe like please  
Got that jewel like squeeze
