

All I Want Is You

Judah & the Lion

Yeah
Yeah
Yeah
Yeah

I use to have these big ol' dreams
That I'd write songs and everybody'd sing
And the crowds would come and scream for me
On top of some platform as a king

Now all that I want is you
Now all that I want is you
Yeah
Yeah
Yeah
Yeah

And as a boy I wanted to fly away
Like an astronaut disappears in outer space
And I grew up, I was captured by the lights
Swinging for the fences every night

Now all that I want is you
Now all that I want is you
Now all that I want is you
Yeah
Yeah
Yeah
Yeah

'Cause you change everything for me
Darling you change everything
Can't you see?

Now all that I want is you
Yeah
Yeah
Yeah
Yeah
