

# Don't Mess With My Mama

Judah & the Lion

I'm pretty nice most the time  
I'm pretty light, got love inside  
I feel alright, don't wanna fight  
Happy through the days, lucky at night

It's okay if you're looking for some drama  
It's okay, come to me if you wanna  
But one thing, one thing you should know of

You don't mess with my mama  
With my mama, no  
You don't mess with my mama  
It's okay if you're looking for some drama  
But you don't mess with my mama, no  
With my mama  
You don't mess with my mama, no  
With my mama  
You don't mess with my

I've had a good life for the most part  
Everything was fine in the start  
Then you ran away like a coward  
You know she was your wife, then it fell apart

It's okay if you're looking for some drama  
Go ahead, run off on me if you wanna  
But one thing, one thing you should know of

You don't mess with my mama  
With my mama, no  
You don't mess with my mama  
It's okay if you're looking for some drama  
But you don't mess with my mama, no  
With my mama  
You don't mess with my mama, no  
With my mama  
You don't mess with my

It's okay, it's okay  
It's okay if you're looking for some drama  
It's okay, it's okay  
It's okay, come to me if you wanna  
But one thing, one thing you should know of  
One thing you should know of  
(Suck it)

You don't mess with my mama  
With my mama, no  
You don't mess with my mama  
It's okay if you're looking for some drama  
But you don't mess with my mama, no  
With my mama  
With my mama  
You don't mess with my
