

## Hesitate

Judah & the Lion

Come as you are, bring me your heart my child  
I've waited so long for you to become all mine  
I won't give up till I have all your love

Don't hesitate when I say come away  
Don't hesitate when I say come away

Come as you are bring me your heart and find  
I'm all you need, I'm all that satisfies

Don't hesitate when I say come away  
Don't hesitate when I say come away

Come away with me  
Come away and you'll see who you are  
Come away with me  
Come away and you'll see who you are
