

# Brain Dead

Judas Priest

Turn me off  
Pull the plug  
Leave me with some dignity  
I am not  
What I was  
And I don't need the sympathy

Alive inside me  
No one can hear me

Brain dead  
I'm not  
Brain dead  
Sentenced  
Forgot

Paralyzed  
In my shell  
Enduring every  
Endless day

Immobilized  
On my back  
Aware of everything  
They say

Extricate me  
Eliminate me

Brain dead  
I'm not  
Brain dead  
Drip fed  
Forgot

I can't blink my eye or cry  
Or even speak  
They crowd around my bed  
Condescending words are said  
Thinking I don't hear or know  
What is going on?  
Hello  
Can't you suckers hear my cries  
From inside? I'm still alive  
It's my decision to abort  
Turn off the goddamn life support

Let me pass  
From this world  
So I fade away in peace

Comprehending  
Unrelenting

Brain dead  
I'm not  
Brain dead

Sentenced  
Forgot

Brain dead  
I'm not  
Brain dead  
Drip fed  
Forgot
