

# Hell Patrol

Judas Priest

Like wild fire  
Comes roaring  
Mad whirlwind  
Burning the road

Black thunder  
White lightning  
Speed demons cry  
The Hell Patrol

Night riders  
Death dealers  
Storm bringers  
Tear up the ground

Fist flying  
Eyes blazing  
They're glory bound  
The Hell Patrol

Brutalize you  
Neutralize you  
Gonna go for your throat as you choke  
Then they'll vaporapeize you

Terrorize you  
Pulverize you  
Gonna cut to the bone as you groan  
And they'll paratamize you

Crome Monsters  
Steel Warriors  
Soul Stealers  
Ripping out hearts  
They're Devil Dogs  
The Hell Patrol
