

# Never Forget

Judas Priest

As the sun sets on another day  
All the memories will never fade away  
Looking back to all those moments that we shared  
Where it all began with all those dreams we dared  
We leave with no regrets - we will never forget

We'll play on till the end  
It's not over not over my friends  
We are together tonight  
Reunited for all of our lives  
And we thank you for it all  
We will never forget

When the dark skies came along to test our steel  
We came together and showed the world just how we feel  
So remember this  
We can never fall  
In our hearts we're all for one and one for all  
So now we will rejoice  
Tonight with one voice

We'll play on till the end  
It's not over my friends  
We are together tonight  
Reunited for all of our lives  
And we thank you for it all  
We will never forget

In our hearts and in our minds  
We know we can't leave this behind  
In our hearts and in our soul  
You know we'll never be alone

As we relive the best times of our lives  
You were there for us and stood right by our sides  
Yes we know that all good things come to an end  
This is just farewell and not goodbye my friends  
And we thank you for it all  
We will never forget

We'll play on till the end  
It's not over my friends  
We are together tonight  
Reunited for all of our lives  
And we thank you for it all  
We will never forget
