

Isn't It Over

Jude.

I don't even know why we try
Under the circumstance of why
Nobody needs to see the play
Isn't it over anyway?

If this is where our story ends
I know I'll lose all of our friends
But they were your friends, so you'll say
Isn't it over anyway?

Isn't it almost over
Can you feel the freedom from me?

Every day seems to be the last
Everything seems to be the past
Everything seems so hard to say
Isn't it over anyway? Isn't it over anyway?
