

# Red Room

Jude.

Lyrics and music by jude christodal

Red room  
Bedroom  
Clean sheets  
Dark night  
Star light  
Heat...  
First kiss  
Near-miss  
Holding breath  
Her tongue  
So young  
Dead

I know this is wrong  
I have been silent for too long  
I know this is wrong  
I have been silent for too long

Mommy  
Sorry  
Had no choice  
Daddy  
At me  
Hear my voice

And I know this wrong  
I have been silent for too long  
I know this is wrong  
I have been silent for too long

Love has so many faces  
I don't know what they all mean  
They take me many places  
But not all of them are clean

Day now  
I vow  
Never more  
I will  
Kill  
This is war  
This is war  
This is war

And I know this wrong  
I have been silent for too long  
I know this is wrong  
I have been silent for too long
