

## Bullgine Run

Judy Collins

Well the smartest clipper you could find  
Heave away haul away  
Is the Margaret Evans on the Black Ball Line  
Clear away the track and let the bullgine run.

Tell me now are you most done?  
Heave away haul away  
Every day we're closer to home  
Clear away the track and let the bullgine run.

Well tell me now are you bound to go  
Heave away Haul away  
Off to Greenland where there's ice and snow  
Clear away the track and let the bullgine run

Tell me now are you bound to sail  
Heave away Haul away  
Off to Greenland to catch the whale  
Clear away the track and let the bullgine run

Oh I though I heard my captain say  
Heave away haul away  
In another week we'll get more pay  
Clear away the track and let the bullgine run.  
Tell me now are you most done?  
Heave away haul away  
Every day we're closer to home  
Clear away the track and let the bullgine run.

Oh the smartest clipper you could find  
Heave away haul away  
Is the Margaret Evans on the Black Ball Line  
Clear away the track and let the bullgine run.
