

# Dream On

Judy Collins

Pinch me darlin' I think I'm dreamin'  
This is too good to be true  
I've spent my whole life looking around  
For a man I know now was you

Where have you been hiding yourself  
All of my lonely nights?  
If you're a dream, don't let me wake  
Let me dream on

I spent a lot of years running around  
Walking fast in little towns  
I had a lot of men offer me love  
And I didn't turn all of them down

I never knew a man like you  
Never in my born days  
If you're a dream, oh, don't let me wake  
Let me dream on

Let me sleep if I'm dreamin'  
Let me sleep on  
Dreamin' of you

I've never been so close to heaven  
Never felt so much at home  
It's like an old-time forty's movie  
Where nobody winds up alone

I knew somewhere there were dreams coming true  
Finally one of them is mine  
If you're a dream, please let me believe  
That life could be so fine

Let me sleep if I'm dreamin'  
Let me sleep on  
Dreamin' of you  
All of my life I've been dreamin'  
Let me wake up here in this dream with you

Dream on  
Dream on  
Let me dream on  
Dream on

Dream on  
Dream on  
Let me dream on  
Dream on

Dream on  
Dream on  
Let me dream on  
Dream on
