Shameless

Judy Collins

Shameless, shameless
You know what you have done
You are shameless, shameless
You've got me on the run

Shameless, shameless
You're tearin' me apart
You are shameless, shameless
You're a face without a heart

You traveled like a fast ball
Out of the blue
You hurry like a freight train
Tryin' to get through

Runnin' to catch
You I'm all out of breath
Actin' like a darn fool
You scare me to death

You're shameless, shameless
You know what you have done
You are shameless, shameless
You got me on the run

Shameless, shameless
You're tearin' me apart
You are shameless, shameless
You're a face without a heart

You hit me like a windstorm
Sand in my eyes
You know you treat me so bad
I think I'm gonna die

You walk on water
You think you can fly
What you gonna do when
You fall from the sky

You're shameless, shameless
You know what you have done
Shameless, shameless
You got me on the run

Shameless, shameless
You're tearin' me apart
Shameless, shameless
You're a face without a heart

Only time will tell
How to break your spell
I've got nothin' but time
Got to find a way to put you out of my mind

What you gonna do when you run out of track?
What you gonna do when they call the game?

What you gonna do when I don't want you back?
What you gonna do when I can't remember your name?

You're shameless, shameless
You know what you have done
You are shameless, shameless
You got me on the run

Shameless, shameless
You're tearin' me apart
You are shameless, shameless
You're a face without a heart
