

This Time

Judy Collins

This time I'm gonna get it right
This time I'm gonna get win
This time I'm gonna know the score
Before I begin
This is the chance of a lifetime
This is the real big break
This time I can't make a mistake

Long enough I've lived in the dark
Now it's time for the light
For too often I have been wrong
This time I'll be right
I got a feeling in my bones
For once I'm wide awake
This time I can't make a mistake

This is the way it meant to be in the first place
Out in the front line looking in the eye
I always knew that someday I'd see the really big race
Everything is rolling look at me I'm ready to fly

Now I know, I know it for sure
This bright day is for me
I have my doubts in the past
Now I know I am free
I don't mind shouting it out loud
Finally I see the day break
This time I can't make a mistake
This time I'll get it right
This time is my night
This time
