

# Adios Mi Corazon

Juice Newton

Lost in this small hotel  
Somewhere South of the border  
Trying to sleep through the heat  
Of a Mexican night

Somehow the words I once had  
So easily mastered  
Left me like you did  
With nothing to say

Puedes traerme tu amor  
Adiós mi corazón how I love you  
Puedes traerme tu amor  
Adiós mi corazón  
I hope the words are right  
'Cause they're the only words  
I know tonight

Tropical paradise  
But the beauty escapes me  
Everything should be so right  
For falling in love

Two hearts belong  
But one heart remains so unhappy  
Nothing else matters to me  
No nothing at all

Puedes traerme tu amor  
Adiós mi corazón how I love you  
Puedes traerme tu amor  
Adiós mi corazón  
I hope the words are right  
'Cause they're the only words  
I know tonight

Oh! The nights are never ending  
You know why  
No comprende  
Days are longer than  
You'll ever know  
Adiós mi corazón

Puedes traerme tu amor  
Adiós mi corazón how I love you  
Puedes traerme tu amor  
Adiós mi corazón  
I hope the words are right  
'Cause they're the only words  
I know tonight

Puedes traerme tu amor  
Adiós mi corazón how I love you  
Puedes traerme tu amor  
Adiós mi corazón  
I hope the words are right  
'Cause they're the only words

I know tonight
