

# The Trouble with Angels

Juice Newton

Look at me, look at you  
Laugh at them, yeah, we should laugh at us, too  
Make a wish we wanna come true  
Gonna get us an angel, maybe get us two

We goin' for the brass ring  
Yeah, we got suit of big plans  
We got our own dreams  
The Big Guy's gonna give us a hand  
The Big Guy's gonna give us a hand

Trouble with angels  
Is you can never find one when you want one  
The trouble with angels  
I really want one  
Trouble with angels  
Is they're never around  
Do you really need one?  
Oh, I really need one

I got a feelin' it's gonna be okay  
Whatever happen's gonna happen anyway  
We make our wish and it may come true  
Angel gonna come down, gonna get us through

We goin' for the brass ring  
Yeah, we got suit of big plans  
We got our own dreams  
The Big Guy's gonna give us a hand  
The Big Guy's gonna give us a hand

The trouble with angels  
You can never find one when you want one  
The trouble with angels  
I really want one  
Trouble with angels  
Is they're never around  
Do you really need one?  
Oh, I really need one now

We goin' for the brass ring  
We got suit of big plans  
We got our own dreams  
The Big Guy's gonna give us a hand  
The Big Guy's gonna give us a hand

The trouble with angels  
You can never find one when you want one  
The trouble with angels  
Oh, I really need one  
Trouble with angels  
Is they're never around  
Do you really need one?  
Oh, I really need one now

The trouble with angels  
The trouble with angels

I really want one  
The trouble with angels  
Is they're never around  
Do you really need one?  
Oh, I really need one

The trouble with angels  
You can never find one when you want one  
The trouble with angels  
I really want one  
The trouble with angels  
Is they're never around  
Do you really need one?  
Oh, I really need one...
