(Shoot through your car door, shoutout to Cardo)  
(Cardo got wings)

She say she know when I be tellin' a lie (Tellin' a lie)  
She told me I'm like all of those other guys (Those other guys)  
Well, alright (Alright), alright (Alright)  
Alright, yeah yeah, alright (Alright)  
In my anxiety, I'm buried alive (Buried alive)  
Some of your words are fuels to the fire (Fuels to the fire)  
Catastrophic when you ignite (When you ignite)  
Do you still want this? You decide (You decide)

Haha, yeah, mood change, mood change  
You would have a rainbow on your hand  
If you had a mood ring, mood ring  
I do anything I can to see you happy, happy  
I know I am not enough, that's okay, okay

Ha, ya dig, loosie, loosie  
Smoking cigarettes and sipping on that Henny, Henny  
Yeah, I got a lot of vices, tempta-temptations  
Paid a lot of prices, look at my bank statements, yeah  
I hate being reminded of my past  
It's not like it's easy to forget  
You're hanging it over my head  
For Christ's sakes, teach yourself how to forgive  
Uh, that's a life lesson, yeah  
You my wife, but you can't bring your baggage in here  
Uh, time's a bad investment  
I may invest in a Tesla, paint the rims, I invest in a extra
