

# Bad Ones

Juice WRLD

Murda on that beat so it's not nice

Why do I always fall for the bad ones?  
She turned that happy boy into a sad one  
Ayy, she turned that happy boy into a mad one  
I guess I'll be pissed off until the Percs come  
Too much drugs (Yeah), I can't breathe (Yeah)  
Ambulance (Yeah), pick me up, 9-1-1  
Too much drugs (Yeah), I can't breathe (Yeah)  
Who, me? Nah, I'ma live forever

Click-clack, get back, that's for her love  
I met her at a kickback then I fell in love  
Why do I always fall for the bad ones?  
She turned that happy boy into a sad one  
Niggas fake, make believe  
They don't stand a chance, bitch, I'm 2Pac when I hit 'em up  
Fell asleep, off the lean  
You a dead bitch if you wake me up  
She told me she gon' suck my dick on camera (Flash)  
Fuck her off the Perky's, I got stamina (Smash)  
We can fuck, but first, you gotta fuck my manager (Smash)  
No broke niggas allowed, MC Hammer (Huh)

That lil' bitch don't like to read but she love lines  
Dealing with this heartbreak, huh, all the time  
Perky's killing my pain, I'll be fine  
She said she a freak in the sheets, yeah  
I love her physique, she's a bitch, yeah  
If that bitch a feast, I'ma eat, yeah, yeah  
I don't go to bitches, bitches come to me, yeah, yeah  
Ooh, you don't ever speak the truth  
Yeah, I fell in love with you  
But it's no so simple  
Throw a band, watch her get low like limbo
