Gang, gang

We in Chiraq, ya dig? (Skrt, grra)

Yesterday, I tweaked, then I took a Xan'

Today, I said that I won't do that shit again

My brother told me to describe the perfect bitch

I said "Percocets" (Hahaha), I said "Percocets" (For real)

The blue pills, they give me the perfect itch (Oh yeah)

She told me she want her a Birkin bag

Better put the Percs in a Birkin, bitch (Oh yeah)

My ex bitch call me a snake

Wait, I'ma show you what a serpent is (Oh yeah)

Look in the mirror, the vision can't get any clearer (Uh)

Anyways nigga, It's my year (Uh)

Ball 'til I'm bald like Britney Spears (Uh-huh)

Three round burst up in that chopper (Uh) grra, musketeers (Uh-huh)

Codeine in my double cup, I am not drinking beer (Sip sip sip)

Uh, I ain't take no pills today, I'm startin' to get the bubble guts (What the fuck?)

Twin barrels on that shotty, yeah, and it's a horny gun (Grra)

I'm gon' cock it back, let it off and watch it double nut (Grra)

I still got my 40 tucked, that's another horny one (Oh yeah)

Got so many horny guns, you thought we were shooting a porn or somethin' (Sex)

Uh, shoot like the Mavericks (Ah)

Couple semis and a few automatics (Uh-huh)

Run up on me, you get cut up in traffic (Uh-huh)

All my niggas stretch him out like elastic (Uh-huh), yeah, yeah

You don't want static, but me? I'm havin' it

I'll leave your body packaged like the bricks in my cabinet (Yeah)

I ain't have no Perc's, I'm mad (Bitch)

May wanna shoot your dad (Bitch)

I feel like a savage, huh, still a sad kid

I ain't have no Perc's, I'm mad (Bitch)

May wanna shoot your dad (Bitch)

I feel like a savage, huh, still a sad kid

Ooh, uh, demons in my head, leave me alone

Uh, I think I'll be better off alone

In my mind, I roam

Feelin' delirious (Wait)

Ran out of Percocets, bitch, is you serious? (Wait, wait)

Them drugs control me like a eye in the middle of a pyramid

I need some more, period

I mean, point blank, muhfuckin' period

Don't try to understand, you will never understand

Broke up with the drugs but I need a second chance

I'll do whatever it takes, I'll even take on a Dr. Phil

That's how you know it's real

Love for real, love for real, love for real (I'm in love for real)

I gave her a chance, the devil wanna dance

That wasn't a part of the plan

I only came down here to buy some Xans
