

Choppa (Hellgirl)

Juice WRLD

(KidWond3r you made this beat? Dang!)

I'm a ball-a-holic, don't know what to call it
All my shots be balling
They be balling, all my shots be balling
Yeah, yeah

I'm a ball-a-holic, don't know what to call it
All my shots be falling, I don't even go to practice
And I stay flossing, Off-White on my bottoms
No, these are not out yet, so don't try to copy
I'm drowning in success, I jumped in my wallet
Try me and get chin-checked, choppa in the closet
Choppa in the mattress, try me and get chin-checked
Choppa in the closet, choppa in the mattress (Yeah, yeah)
Choppa in the—

Woah, ten guns in the crib like, woah
Call my gun Billy Idol, it got that Rebel Yell, yeah
Double-o-seven my scope, uh, one to the head, he croak, uh
Real life shit, no joke, uh, .223 in your throat, uh
Oh, I'm with them savages, they is not having it
They got the ratchets on deck if you want it, we got it
Uh, they startin' riots, pop a lil' Molly and get a lil' violent, uh
I'm adding fuels to the fire, torches on me, but it wet like a lighter
Uh, we set your block on fire, uh, red beam with the scope, it's a power up
After I kill you later on, in the hotel room gettin' on
She so motherfucking wet, I thought I left the shower on
I'm so high, I thought the shower was in the bedroom or something
Uh, give her the pipe like a plumber, uh, she tell me she love it, yeah

It's all going down (Oh)
It's all going down (Oh)
It's all going down (Oh)
It's all going down (Oh)

I'm a ball-a-holic, don't know what to call it

Uh, I'm a Perc-a-holic
I solve all my problems with the pills up in that bottle
I'm in love with a hell girl, red-haired goddess
Athena is her mom but Hades is her father
She has control over my brain
But she don't know about my dark ways
Hiding it is probably the best thing to do in this situation
She has control over my brain
But she don't know about my dark ways
Hiding it is the best thing to do in this situation

It's all going down (Oh)

It's all going down (Oh)
It's all going down (Oh)
It's all going down (Oh)
