

Couple Pills

Juice WRLD

On the track
Here we go again, here we go again

I keep a couple pills in my bag
Just for emergencies, yeah
I'm overdosing, do the most
I know, I know me...
I keep a couple pill in my bag
Just for emergencies, yeah
My heart is empty, nothing in me
I have a vacancy, yeah
The ambulance comes over, rushing
This is an emergency, yeah
I'm overdosing, do the most
I know, I know me...

I know I'm lost can't be found
Someone say what's gotten into me
Fucked up mentally
That's just how its meant to be
Love ain't meant for me
Nah love ain't meant for me
Yuh, fucking me up mentally
Its' dark outside and its cold
Kinda like the outside parts of my soul
Lone wolf, shawty might howl at the moon
Trip off shrooms I ain't coming back soon
Fuck this earth
Nature's cool, but I hate these folks
Hang myself with the songs I wrote
No need for noose, untie this rope
Uh, ay
Paint my nails and give me hell
For not being like you?
Bitch, oh well
You dress like him, and you act like her
Bitch, I act like me, and I dress so well
R-e-v-e-n-g-e
On my body
OCD I'm clean y'all got it
Shoutout drop, got time on my hands
Huh, I'm out with glasses with sand
Huh, I took half of a xan
Huh, then I went shopping, Japan
Huh, I took yo bitch out to France
Huh, I spent a thousand on pants
Huh, aye I did it all
Before the night fall
Huh, ayy
She on bath salts
She'll eat your face off
Dragon Ball powers like I'm Krillin
Stack the money up to the ceiling
Black your eyes, baby, like you got a feeling
I be high baby, that's just how I'm feeling

Yeah, I know- oh

They don't know
They say they love me, but I know it ain't so
She say she hate me
I said it ain't so
Fell in love with the bankrolls

I keep a couple pills in my bag
Just for emergencies, yeah
My heart is empty, nothing in me
I have a vacancy, yeah
The ambulance, comes over rushing
This is an emergency, yeah
I'm overdosing, do the most
I know, I know me...
I keep a couple pills in my bag
Just for emergencies, yeah
My heart is empty, nothing in me
I have a vacancy, yeah

Here's a story about how
I feel out
4th quarter shorty, you know how I'm gon' ball out
Fuck her for work, she call out
The ambulance comes over, rushing
This is an emergency, yeah
I'm overdosing, do the most
I know, know me...
