

Demonz (Interlude)

Juice WRLD

I can't ever do right
Can't lose this fight
I'm already low
I think the demons are winning

I can't ever do right
I Can't lose this fight
I'm already low
I think I need new beginnings
I think the demons are winning
They're beatin' me up

Don't wish me away, wish me luck
I'll be good either way
Who am I to say what good ain't
I'm finding my way
My way

You can feel it inside you
Don't let it in
It likes you
Don't let it in
Healing inside you
Don't let it in
It likes you
