

# Denial

Juice WRLD

She want a title  
I'm in denial  
Don't need a rifle  
Everyone suicidal  
I'ma burn a bridge  
I feel like a pyro  
I'ma say my prayers  
I'll be hellbound tomorrow  
I'm in my sorrow  
Oxy-my-codone  
Does someone have a heart  
That I can borrow  
Tear me apart  
Does someone have a heart  
That I can borrow, borrow, oh

Time after time they let me drown in my sorrow  
I went through the night, I only wish for tomorrow  
Love, love, love, got me walking in circles  
(Something isn't right)  
I'm living a lie  
Ain't no you and I  
Walking in circles  
Something isn't right

And I'm in denial  
I don't need a rifle  
Everyone suicidal  
I'ma burn a bridge  
Feel like a pyro  
I'ma say my prayers  
I'll be hellbound tomorrow  
I'm in my sorrow  
Oxy-my-codone  
Does someone have a heart  
That I can borrow  
Tear me apart  
Does someone have a heart  
That I can borrow, borrow, borrow

It's crazy how I feel, right  
I wonder if this real life  
Will I see tomorrow, tomorrow
