

# Everlasting Love

Juice WRLD

If I run away fast, she won't catch me  
Got to take off, like a taxi  
Hurt me bad, casualty  
No such thing as everlasting love  
Everlasting, no such thing as everlasting love  
Everlasting, no such thing as everlasting love

Woah, I'm not scared  
Bitch I'm scarred, look at my heart, love  
I don't trust, it's too hard, so don't start, love  
I've always been a good guy, so it ain't my fault, love  
I could give you one more try, that's where I fucked up  
Two, four, six, eight, ten times  
That she broke my heart, I can't lie  
Got it tatted on my wrist, bitch three nine  
Turn my head upside down

If I run away fast, she won't catch me  
Got to take off, like a taxi  
Hurt me bad, casualty  
No such thing as everlasting love  
Everlasting, no such thing as everlasting love  
Everlasting, no such thing as everlasting love

What's up?  
Every time you on my mind, I get drunk  
Every now and then, I get fucked up  
Nah, I'm lying, every day I'm getting fucked up  
I remember when I found you, thought I lucked up  
I was dying inside, I was fucked up

If I run away fast, she won't catch me  
Got to take off, like a taxi  
Hurt me bad, casualty  
No such thing as everlasting love  
Everlasting, no such thing as everlasting love  
Everlasting, no such thing as everlasting love
