Last night I had my first show it was too rad
Even though I only made a 100 in all cash
Whole crowd jumping to my music and all that
Rockstar status baby that's what you call that
How come when I call baby you never call back
Heartbreak hotel that's what you call that
You got a new one and I'm all sad
I got hoes but they're nothing but fall backs
I take drugs just so I can not feel bad
Already dead so the mission accomplished

I'm already dead so the mission accomplished
I hope that you feel bad

Need a flight overnight to Paris and all that
She text me saying that it's over in all caps
Now I'm taking xanny with a perky it's all bad
Damn love burns like a friend it's a fall back
Need a flight overnight to Paris and all that
