

# Feel Alone

Juice WRLD

Smokin' this dope, relaxin'  
I ain't gon' lie, bro, I came a long way  
I was just thinkin' 'bout  
Back in high school (Danny, I see you)  
Uh, uh, uh, uh-huh, uh, uh, uh-huh, uh, uh  
I pray this reefer help me get rid of my demons (Uh-huh, uh, what?)  
I pray this reefer help me get rid of my demons (Uh-huh, uh, what?)  
Uh, let's go

Stuck in my mind, oh yeah (What else?)  
I'm in my prime, oh yeah (What else?)  
Taking my time, oh yeah (What else?)  
Even though everything feels so fast (Uh-uh)  
Losing my mind  
But it's okay, it's fine  
I'ma just keep gettin' high  
Yeah, I'm tryna reach new heights

There's times when I feel alone  
There's times when I feel alone  
There's times when I feel alone  
There's times when I feel alone

I wonder if anybody knows  
I wonder if anybody notices  
When I get in my head and feel alone  
No, I don't think nobody really notices (Huh, yeah, yeah)  
Life don't seem so fair, uh, uh, uh  
Devil standing right, right there  
Funny, you don't think I see you standing right there?  
I guess I'm just too high to care (Care)  
Well, at least I fell in love, that's rare  
She helped me move my things from the Heartbreak Hotel  
The wishing wells love to splash  
And I'm in the electric chair

Stuck in my mind, oh yeah  
I'm in my prime, oh yeah  
Taking my time, oh yeah  
Even though everything feels so fast  
Losing my mind  
But it's okay, it's fine  
I'ma just keep gettin' high  
Yeah, I'm tryna reach new heights

There's times when I feel alone (There's times when I feel alone)

Okay, I get it, I understand  
There's people here to hold my hand  
But what happens when, happens when

I can't comprehend someone holding my hand?  
Numb the pain with the drank, what I spent? Five bands  
A bunch of pills, Oxyco', spent another five grand  
I understand none of these drugs make the person I am  
Sober up, I can, sorry, but I can't  
Hope to see tomorrow, the potency of sorrows  
I was thinking hopefully, maybe hopefully  
There's some dopamine I could borrow  
It's a long shot from the finish line (Long shot)  
So many obstacles in this life, life of mine (Life of mine)

Stuck in my mind, oh yeah  
I'm in my prime, oh yeah (Oh yeah)  
Taking my time, oh yeah (Oh yeah)  
Even though everything feels so fast  
Losing my mind  
But it's okay, it's fine (It's fine)  
I'ma just keep gettin' high (Yeah)  
Yeah, I'm tryna reach new heights (Yeah)

There's times when I feel alone (There's times when I feel alone)
