Juice WRLD

Let's play a game, big bank, take a lil' bank  
Let's play a game, sniper, I got range  
She play games, she hyper, she love cocaine  
She gimmie brain, I like it  
I got the touch like Midas  
She wanna fuck, I might  
I'm full off of food, got the Idas  
It's been a long day, I'm tired  
But I made it ride like a bike  
I told her her friends are invited  
Fuck 'em off codeine, I tried it  
Ask if you think I'm lying

Just give me a stage and a mic  
I bet I turn into Mike  
I beat it up like I'm Ike-right  
I beat it up like I'm Ike  
VVS, shit like a night-light  
But you niggas ain't that bright  
Your bitch wanna fuck  
Lucky for you, she ain't my type  
Young nigga come in a fight, right  
But I get the pipe right  
Green bean, money like limelight  
Shoot when the time's right  
Bad bitch say that she only like girls  
What would she do for a Klondike?  
Hit it from the back in the back of a Bentley truck  
While she eat a blonde dyke

You dig? (brain)  
You dig? (nah, keep that shit)  
You dig?  
You dig? (ya dig?)

Let's play a game, big bank, take a lil' bank
