

Grace

Juice WRLD

No, no, no, no (My heart skips a beat when she comes my way)
No, no, no, no, no, no, no, no
Beat when she comes my way

From her dress to her hair, she's the perfect bae
And she never runs out of things to say
My heart skips a beat when she comes my way
Her name is Grace, yeah, Amazing Grace
Amazing Grace, yeah, Amazing Grace
Amazing Grace, yeah, Amazing Grace
My heart skips a beat when she comes my way
Her name is Grace, yeah, Amazing

Oh, how amazing
She do the coke and the molly on separate occasions, wait, uh
Oh, that's my baby
She likes to drive through the night 'til she's driving me crazy, hey
Oh, how you doin'?
You must be Grace 'cause your gracefulness makes you elusive
Wait, don't know what I'm doin'
Lost in the moment, I know it, I know it, I know it
You come off as poison, I still wanna taste it
Fuck all my morals, just fuck me, I'm wasted
For someone named Grace, girl, you trip too much
Hallucinations on love, you don't trip enough
You just keep goin' and goin' about how you hate me
How you don't love me and how you replace me
For someone named Grace, girl, you trip too much
Hallucinations on love, you don't get enough, no

From her dress to her hair, she's the perfect bae
And she never runs out of things to say
My heart skips a beat when she comes my way
Her name is Grace, yeah, Amazing Grace
Amazing Grace, yeah, Amazing Grace
Amazing Grace, yeah, Amazing Grace
My heart skips a beat when she comes my way
Her name is Grace, yeah, Amazing
