

# Junkie

Juice WRLD

Yesterday my mom found out I was a junkie  
But she don't care, cause I'm over here gettin' all this money  
So I don't care if she don't care, just keep them perkies comin  
g

You unaware I got it on me, run up .40 drumming

Where you at, ayy

Run it back, bae

Get the sack, chase

This a drag, race

Where you at, ayy

Run it back, bae

Get the sack, chase

This a drag, race

Yesterday my mom found out I was a junkie

But she don't care, cause I'm over here gettin' all this money

So I don't care if she don't care, just keep them perkies comin

Listen up, hey

I was in the cut with the semi tucked

High as a bitch, I really feel like throwing up

Perkies more lean, we be pourin' up

10k for a show, or I ain't showin' up

I know life's a bitch, I'm really startin' to like her

Ain't tryin' to argue, I'm a lover, not a fighter

I keep it on me, I'm a shooter, not a fighter

I date the devil, she gon' set my heart on fire

Yesterday my mom found out I was a junkie

But she don't care, cause I'm over here gettin' all this money

So I don't care if she don't care, just keep them perkies comin
