

## Kicks

Juice WRLD

You ain' never get this, ayy  
I remember skatin', used to hit a kickflip (Shout to young Card  
o, shout out to Cardo)  
Cardo got wings  
I was in the basement, tryna rap shit

Uh, remember in the basement, I was tryin' to rap shit, huh  
Used to skateboard down there too, kickflip, huh  
Niggas talkin' dumb, I up that tool, rip shit, huh  
Rugrat, mama used to read me Lipschitz  
It's funny how my ho' from China love to french kiss  
It's triple 9, but if you got me flipped, you get the 6-6  
I spend a couple thousand dollars on Balenciaga shoes  
So they not talkin' 'bout karate when they say I got kicks

They believe in me now, they like, "Juice, you got this"  
I remember they was hatin', they said I should drop this  
Now I'm up, a couple million, I'm the trending topic  
Hop out of the oven, fuck it, I'm the hottest  
Always on my wild shit, lighters up, moshpit  
Even though I'm havin' fun, I still keep a Glock stick  
Always been a real man, so unlike my Pop's shit  
Life's a journey so I had to go and dread my locks shit  
Keep my circle small, my niggas tighter than a lock twist, yeah  
Cut off so many people, relationships was toxic, yeah  
I know my ex disappointed, her man not this, yeah
