

Made It Work

Juice WRLD

Ayy

Ayy, Gabe, we, we gon' make a Triller video to this as soon as I get through
doin' it

I know how it's finna sound already

I don't write shit, I just right my wrongs

I might buy that Wraith in the mornin' just so I could race

Put diamonds on my neck, they tight like a neck brace

Ayy, baby, uh, go 'head tell me how my dick taste

I need that neck, ayy, call that neck respect, ayy, huh

(Ayy, KBeaZy, you fye'd up)

I might buy that Wraith in the mornin' just so I could race, yeah

Straight baguettes chokin' my neck like a neck brace, yeah

They droolin' over my last watch, wait until my next thing, yeah

Thought he was real, turn out he pussy, he got a sex-change, yeah

Ten pints, I need drank, I need percs, I can't think

Used to be broke, made it work, whippin' that work over the sink

I was too scared of the white police to do a heist or rob a bank

Resorted to robbin' my own kind, junkies blowin' up my phone line

New AP, I'm on my own time

Diamonds HD, easy on the eyes

Always got money on my mind

Money, money on my mind

Had a long day, baby, I'm tired

Just put them panties to the side

Yeah, you want this forever, girl, that's for you to decide

Bought a mansion in LA today, I'm under twenty-five

But where I come from niggas usually don't make it out alive

I'm thanking God for everything, so many blessings in my life

Yeah, still keep a pipe 'cause niggas love to die (Yeah)

Let it sing like Mariah, everywhere I go keep the fire

A lot of old niggas hate on the young niggas, it's time for them to retire

We ain't wanna come to your party, no way, no reason to invite us

Parties are so last year, everybody end up fighting us

I might buy that Wraith in the mornin' just so I could race, yeah

Straight baguettes chokin' my neck like a neck brace, yeah

They droolin' over my last watch, wait until my next thing, yeah

Thought he was real, turn out he pussy, he got a sex-change, yeah

Resorted to robbin' my own kind, junkies blowin' up my phone line

Rockin' shows, state to state, overseas

I been gettin' to the blue, to the checks, to the green

On the road with my boo and my crew, yeah, my team

Spend a check to get wrecked off the pills and the lean

Huh, now I'm swimmin', ooh

Now I'm drownin', now I'm floatin' with the fishes, ooh

Take a look inside my life and see how I'm livin', ooh

I remember when I couldn't afford a Honda Civic

Now I could take the money from my tour and buy a Bugatti with it

Huh, Exhibit A, I may go pimp my ride

Huh, Exhibit B, fat pockets, Benjamin inside

Highway of life, no traffic, enjoy the ride
I know I may crash sometimes, still gon' cross the finish line

I might buy that Wraith in the mornin' just so I could race, yeah
