Baby, I'm a cool kid (Mm)

Baby, I'm a bool kid  
Choppa fully auto full of bullets  
'Cause you know I can't fall for the bullshit  
Never been sweet, bitch, Nesquik  
How my nigga shoot up your function, function, function, yeah  
I get so damn high that I can't function, yeah  
We done brought the choppas to the function, yeah  
AK-47 like a Russian, yeah

I'm tryna' have a good time  
But these fuck-niggas tryna' steal my shine  
No, no, can't go, need a Glock .9  
Hit 'em, make 'em take off at a stop sign, like a green light  
Smokin' 'til my brain fried, bitch, I'm too high  
You say you gon' run up, not on this side  
You say you gon' rob who? Not this guy  
Ol' pussy ass nigga, shot him nine times

Had to stick and move  
Came a long way from high school  
Feel like I was just in high school  
Now I'm makin' grown man moves  
Had to stick and move  
Came a long way from high school  
Feel like I was just in high school  
Now I'm makin' grown man moves
