

# Paranoid

Juice WRLD

Listen this shit really has me thinking man  
Fuck, fuck

Just another day without you  
I can't go a day without you  
Cocaine all on the counter  
Remember you in love with the powder  
Just another day without you  
I can't go a day without you  
Still xanax all on the counter  
Remember I'm in love with the downers

You can stay or you can leave  
I just wanna lock you out and throw away the key  
I just wanna lock you out and throw away the key  
I just wanna lock you out  
Hold on wait a second  
You've been providing me depression  
You've been abusing your position  
Using your words as a weapon  
You got me paranoid of other women  
I'm knowing you got a ploy  
You on a mission, you wanna see me destroyed  
Oh no, you play with me like I'm a toy  
Oh no, and I can't take it anymore  
So you gotta leave  
Now I gotta lock you out and throw away the key  
Now I gotta lock you out and throw away the key  
Now I gotta lock you out

Just another day without you  
I can't go a day without you  
Still cocaine all on the counter  
You got me in love with the powder  
Just another day without you  
I can't go a day without you  
Still xanax all on the counter  
Remember I'm in love with the downers  
Downers, downers
