Juice WRLD

Pockets so big not little  
Got white like Malcolm no middle, oh  
My bitch give me migraines, need percocets, no Tylenol  
If I want it I get it  
Fuckin with me she get it all  
Diamonds different color like Skittles  
Diamonds different color like Skittles, oh  
She taste the Rainbow  
While I count the bankroll, oh  
She taste the Rainbow  
While I count the bankroll, oh  
Pockets so big not little  
Diamonds different color like Skittles  
Diamonds different color like Skittles, oh

I'm getting faded  
I'm driving different places  
I'm in L.A. livin' life  
With my dick in your wife  
I tie up my laces  
I'm ballin' like I'm Calvin Cambridge  
My Margiela's make me Like Mike  
Jumping from the free throw line  
She's running through my head  
Do Xanax 'til I'm dead  
Came up on so much money that shit do not make no sense  
My diamonds different colors like a rainbow in hair  
I smoke away my problems but they won't disappear  
I don't have any friends  
I'm in it 'til the end  
My girlfriend say she hate me cause' of percocets again  
She always think I'm cheating, all these hoes in my crib  
I tell her I don't love them I just fuck them and dip  
I just fuck them and dip  
Taste the Rainbow

Pockets so big not little  
Got white like Malcolm no middle, oh

Fresh to death, Gucci's with a halo  
Run up on me, I'm Kalo  
Choppa on me shoot fuego  
She taste the Rainbow  
I shoot like Rambo, oh  
Feel like Mutombo  
Get that shit up out my house
