

# RUN

Juice WRLD

Father forgive me, for you know that I'm always sinning  
{And I (And I), and I (And I), mhm (Mhm)}  
I take no interest partying with liquor, fucking up my system  
Excuse my language that's a hang up on how shitty I been feeling  
{And I (And I) told (Told, told), uh}  
I'm sorry I feel no attraction, I know that it's been a minute  
{And I, and I, and I, and I, survived the night}  
Father forgive me, for you know that I'm always sinning  
I take no interest partying with liquor, fucking up my system  
{Why'd you lie?}  
Excuse my language that's a hang up on how shitty I been feeling  
{Realize, realize, realize, this life (This life, this life, this life)}  
I'm sorry I feel no attraction, I know that it's been a minute

Realize your dark side collides inside  
You run as fast as you can but you can't hide  
Realize your dark side collides inside  
You run as fast as you can

In her soul, dark and light fight for the control  
Nobody knows  
In her soul, dark and light fight for the control  
Don't anyone know, don't anyone know

Money is happiness, cap  
Bitches got faithfulness, cap  
And drugs only make it worse, cap  
I take a perc, then I take me a nap  
Take a sip of the syrup so I could go relax  
Bitch, I'm ready for war when the demons attack  
Hell yeah, believe that

One to the face, don't fuckin' hesitate, uh  
High as heaven gates, ain't no comin' down, comin' down  
One to the face, don't fuckin' hesitate  
Bitch, I'm high as heaven gates, ain't no comin' down, comin' down (Down, down, down)  
Bitch, I'm high as heaven gates, ain't no comin' down, comin' down (Realize)  
Bitch, I'm high as heaven gates, ain't no comin' down, comin' down

Realize your dark side collides inside  
You run as fast as you can but you can't hide  
Realize your dark side collides inside  
You run as fast as you can  
Realize your dark side collides inside  
You run as fast as you can but you can't hide  
Realize your dark side collides inside  
You run as fast as you can
