

## Slenderman

Juice WRLD

I pop up like Slenderman  
Gucci boots, I don't wear no Timberlands  
Scooby Doo, bitches they be Meddlin'  
Who are you? We were never ever friends  
Where I'm from? I'm from Never Ever Land  
Keep that cannon on my hip like Megaman  
You either kill or be killed over here, Afghanistan  
I pop a handful of pills, over here won't feel again  
But as long as you stay real over here, you bound to win

Uhuh, yeah  
Said that shit, I meant it  
It's money over bitches  
Uhuh, yeah  
You niggas don't see the difference  
That's why you broke and I'm rich  
Because I see the difference  
I spend 100k in a month, I don't got shit to show for it  
But I ain't worried bout shit I know I could always make more  
Racks came in, stretch it out the long way  
Came a long way, from wearing Choos up in the hallways, yeah  
I did it by myself, ain't had no company  
Everybody get they hands out now, Fuck do you want from me?  
You want the secret to my sauce, you a wanna be  
You will never ever be a boss, employee

I pop up like Slenderman  
Gucci boots, I don't wear no Timberlands  
Scooby Doo, bitches they be Meddlin'
