That Kel-Tec kick, hit you in your neck  
New Kel-Tec, bitch, hit you in your neck  
Disrepectin', I'm gon' take your breath  
In this trap whip, crackin' crystal meth  
Intersect, intercept  
Cut your throat if he say shit

I got lean in my piss  
I got beans on my blick  
On that gun, it's a dick  
I'm gon' fuck your face with it  
I got lean in my piss  
I got beans on my blick  
On my gun is a dick  
I'm gon' fuck your face with it

Pussy wet  
Just like a slip'n'slide  
She gon' let me fuck  
Yeah, I get inside  
Drop a heat-seeker  
Run but you can't hide  
Police on my ass, buckle up  
Let's go for a ride

Codeine with the Perc's  
Take too many, feel like I'ma gon' die, ay  
I can't go out like that  
Ain't tryna make my momma cry, ay  
Strapped with a .30  
And I'll pull up on him, leave him traumatized, ay  
I can change anything  
Got them Obama eyes, ay!

Bitch, got me sicker than syphilis  
Your nigga tripping and I'ma get rid of him, uh  
My eyes go blacker than licorice  
I had a look at her, ended up killin' 'em, uh  
She told me I taste just like a lollipop  
She can't stop licking me up  
Bitch, I'ma goat  
Bitch, you suck  
You wanna fight?  
Bitch, what's up?

Um, everyday I'm on go mo'  
With a .40 up I my pants  
Slump off with the Perc's and the codeine  
No more can I ever do Xans  
Um, I take drugs when I'm coping  
Umi tell me I'll turn to a dope fiend  
Niggas in jail dropping the soap like  
I heard that that was your homie

I got lean in my piss  
I got beans on my blick  
On that gun, it's a dick

I'm gon' fuck your face with it  
I got lean in my piss  
I got beans on my blick  
On my gun is a dick  
I'm gon' fuck your face with it

Ha-ha, yo  
Uh-huh, uh-huh

Fuck all these other goofy-ass muthafuckers  
Fuck all these fuck niggas
