

## Warning

Juice WRLD

At the end of the day, me and you  
Let me take you away, it's just me and you  
It's just me and you, me and you  
At the end of the day (Me and you)  
At the end of the day (It's just me and you)

It's just me and you, me and you  
Me and you, me and you  
At the end of the day, me and you  
Let me take you away, it's just me and you

Baby, see it through, I know you needed proof  
Pardons for the times I ain't tell the truth  
Rockstar lifestyle, might not make it  
Damn sure ain't making it out without you  
Name tattooed on my brain  
You make me go insane  
All I ever see is your face, I can't get it out my head  
Obsessed with my antics  
Dinner, candle-lit  
Baby, I'm an animal, eat her like a savage  
In her smile is my passion  
Open up my heart, let her in  
Reoccurring all the way 'til the morning  
You crash landed in my life, ain't even give me a warning

It's just me and you, me and you  
Me and you, me and you  
At the end of the day, me and you  
Let me take you away, it's just me and you  
It's just me and you, me and you  
Me and you, me and you  
At the end of the day, me and you  
Let me take you away, it's just me and you (You)
